

Who We Are

We are your neighbors, family, friends, and colleagues. Oregon is our home.

Dignity and Respect are Core Oregon Values

We chose Oregon because Oregon is a place where people believe in constitutional and human rights. Oregonians believe everyone deserves the opportunity for good health, stable homes, quality education, living wage jobs, and respect.

Tragically, Oregon's values are being threatened by white nationalist groups pushing racist, anti-immigrant, and anti-Muslim policies – policies that are tearing our families and communities apart. We must take action. This is a watershed moment in defining who we are as a state; it's time to stand up for the compassion and values that make Oregon a place we are proud to call home.

One Oregon is a statewide coalition that defends against anti-immigrant and anti-Muslim policies and works to ensure all Oregonians, regardless of country of birth, are treated with dignity and respect.

What We Do

We fight anti-immigrant ballot measures. In 2016, we prevented anti-immigrant and anti-democratic initiative petitions from ever reaching the ballot. We intend to do the same in 2017 and beyond.

We rally against anti-immigrant and anti-Muslim policies. Almost as soon as Donald Trump took office, he began issuing anti-immigrant and anti-Muslim executive orders. We've responded with press conferences, rallies, and marches, because we won't stay silent in the face of discrimination.

We protect our friends, family, neighbors, and colleagues. We support our cities, schools, and state in passing "inclusivity" and "sanctuary" resolutions, vowing they will not allow the use of local resources to help federal agencies take Oregonians away from their homes and families.
